The enclosed contains four copies of the report of the investigation conducted by the FBI on the activities of the group known as the "Black Liberation Army" (BLA) in the New York City area during the period from 1968 to 1970. The report includes information on the organization, its members, and its activities. It also includes a list of the names of the individuals who were identified as members of the BLA during the investigation.

Information, communications, and other materials received from the BLA during the investigation, including those materials which have been furnished to the FBI by the New York City Office.

These materials were obtained from the New York City Office and are being furnished to you for your information. They are being furnished to you in confidence and should not be disseminated outside your office.

Very truly yours,
Special Agent in Charge
