

Global Internship Program
Tata Consultancy Services
 The Institute for Global Business
 The University of Akron

Tata Consultancy Services (TCS) is a world leader in providing a wide range of IT services, outsourcing and business solutions. TCS actively seeks and applies the best possible solutions and methodologies for enterprises, making sure to holistically factor in people, processes and business issues.

TCS invites internship applications from students with strengths, skills, and interest in supply chain manufacturing. Students will work on a real project where they will provide value to the client and at TCS various operations in India. This program is conducted in India, and is offered to a limited number of students

Duration: Ranges from 4

Potential projects: Students are assigned to projects based on the strategic, sourcing and business requirements of TCS as well as on the expertise and aspirations of students, as stated in their résumé.

Support: TCS provides a basic monthly stipend for the duration of internship. Travel (to and from the US) and local housing is student's responsibility. TCS would help in finding suitable accommodation.

Things to consider: Winters can be cold in India, but do vary by location. You should be willing to spend the entire duration of the internship in India.

To apply: Submit a focused resume that details your analytical, quantitative, and problem solving skills. Both resume and goals should be part of one document. Please email your submissions to both Dr. Chandra (ac10@uakron.edu) and Dr. Kim (ikim1@uakron.edu). In the subject line of your email, you must write "TCS Internship".

Deadline For Winter positions: October 15
 For Summer positions: February 15

For any questions, contact Dr. Chandra (ac10@uakron.edu)
